# Task 1

- In this task, you are trying to buy a plane ticket to Sydney on New Year's Eve. You decide to get 4 quotes from 4 different travel agency and pick the cheapest ticket to purchase.

- Your conversation with the first travel agency could be like this:

You: Hello, please could you tell me how much it costs to fly to Sydney on New Year's Eve? _

#Travel Agency Number 1: 1450 (repeat the number entered above).

You: Thank you!

- You should then work out the cheapest ticket price and report it to your mum, who is going to pay for it.
    - You can use the `min()` function.
    - For example, `min(4,7,9)` will return 4.

- Your conversation with your mum could be like this:

You: Mum, the cheapest plane ticket to Sydney is £1450.

Mum: Nice job! Thank you!
